The Chattanooga Deal

Real estate & development intelligence for the Scenic City's pros

ISSUE 001 · JUNE 2026

A Brief Scout Media B2B brief

PRESENTED BY **FIRST BLUFF BANK — COMMERCIAL LENDING** · SAMPLE SPONSOR

Welcome to **The Chattanooga Deal** — the brief for people who *work* in Scenic City real estate and development. Twice a week we track the transactions, permits, projects, and moves that move the market, before they hit the mainstream press. We're a sponsor-supported B2B publication from Brief Scout Media; every paid placement is labeled, and our deal coverage is never for sale.

THE LEAD

Inventory is loosening — what it means for your spring pipeline

[2–3 paragraph analysis of the single most important market shift this week — e.g., months-of-supply ticking up, a major employer's expansion, a rate move — written for pros, with the "so what" for listing strategy, pricing, and buyer advising. Sourced from MLS + the Discovery Engine + named local interviews. This is the piece that gets forwarded inside brokerages.]

Replace bracketed text with verified reporting at publish; never run an unverified deal or stat.
